Business Value Long Distance pricing includes these reduced rates for all your nationwide minutes: anytime, anywhere in the U.S. – interstate, intrastate, and regional (toll calls within the Pee Dee calling area) – any day, with no restrictive calling times, and no monthly fee. The nationwide minutes include direct-dialed voice calls (modem usage is not included) and incoming toll free voice calls (for members who use Sandhill's toll free number service). We can also help you move existing toll free numbers from other carriers to Sandhill Communications so those minutes can be included in the business value pricing. These rates do not apply to Hosted PBX. Contact business services for current Hosted PBX rates.

BUSINESS VALUE TOLL FREE NUMBER

I would like one (1) toll free number that will ring to my business telephone number _____. I will receive free activation (a \$15.00 savings) and calls to my toll free number will be included in my business value pricing.

I understand there may be a federal service fee and a state service fee for making this change, but Sandhill Communications will compensate me for those fees. I designate Sandhill Communications to act as my agent to make this change to my telephone number(s) listed above. Switch the telephone number(s) (including dedicated fax or modem lines) to Sandhill Communications. I understand I may select only one (1) interlata and one (1) intralata long-distance company for each telephone number.
